Education

- **Graduate | Junior Full-Stack Developer | May 2018 – Dec 2018 | Hack Your Future**
- **Graduate** | Junior Full-Stack Developer | Oct 2016 – Dec 2016 | Le Wagon Brussels
- **Bachelor** | English Literature | 2006-2010 | Al Ma'amoun University

Project

DIGITAL EMPOWERMENT | HACK YOUR FUTURE | NOV 2018 – DEC 2018

Hobo is a day center for homeless people in Brussels. We've developed an application as a learning tool to teach basic computer skills and tasks for the people coming to the center. We used ReactJS, NodeJS and MongoDB to build this application.

Languages

- **English** | Perfect
- **French** | Good
- **Dutch** | Elementary
- **Arabic** | Native
